Finalmente apareceu no Wikimedia Commons uma foto de um elétrico verde de turismo: http://commons.wikimedia.org/File:Tight_corners_%28146569...

É o 744, apanhado a 5 de julho de 2014, bem em cima do acontecimento — pintura novinha em folha. O local é um dos troços aligalados. Foto bem curiosa, tirada de dentro do 547, que vinha a subir e que, segundo a fotografia (ingies, "as usual" nisto de entusiastas), teve de descer em marcha-atrás para dar passagem ao verde...

Antônio Martins-Tuváikin E como sei que o de cá é o 547? Pois é só descarregar a foto em resolução máxima (http://upload.wikimedia.org/File:Tight_corners_), isolar a parte mais sombria do canto superior direito e dar-lhe o máximo de contraste. Vê-se um "7" à direita e a penhinha de um "4". (Com a trolha reduzida que temos, só pode ser o 547...)

Connecting Everyone

To give people the power to
share and make the world
more open and connected

Bring internet access to the
two thirds of the world who
are not yet connected

Internet.org

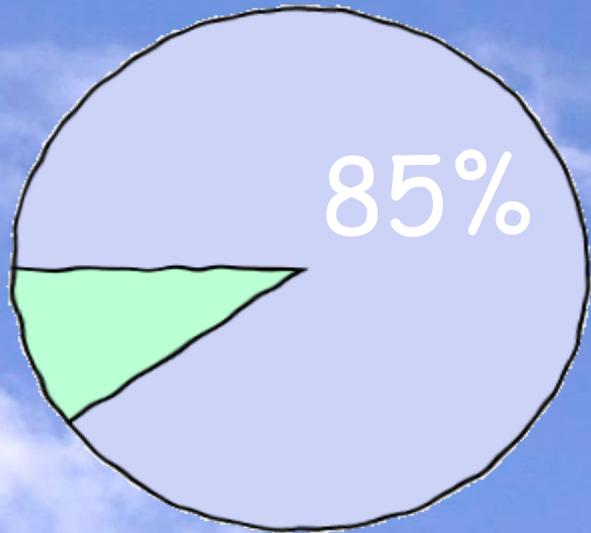

Connectivity Lab @Facebook

Research alternative physical network technologies to deliver connectivity in remote regions.

Mobile Operator Partnerships

Constructively align with traditional mobile network operators to motivate purchase consideration of mobile data.

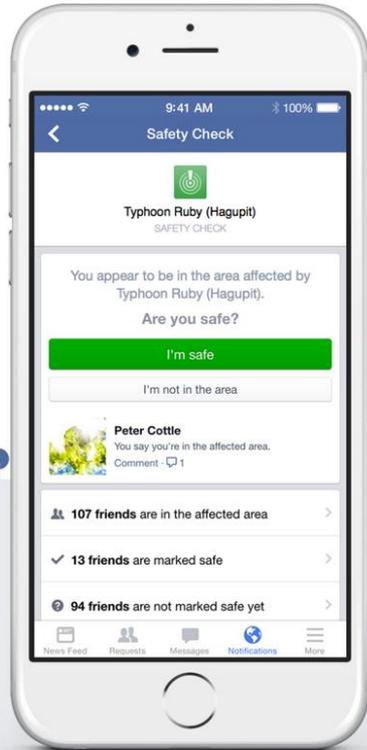

Connected Innovation

“A company with an approximately \$8bn cost base – enabled global economic impact of \$227B and 4.6M jobs around the world in 2014.”

(Figures from study by Deloitte)

Safety Check

Connect with friends and loved ones during a disaster.

Launched October, 2014

Nepal Earthquake April 2015

- 7 million people in the Nepal Earthquake area were marked as safe.
- More than 150 million friends were notified.
- These updates helped people rest more easily and enabled relief efforts to remain focused.
