

# TRA 2026 Budapest

**DACH Mobility Conference, 13th November 2024**

**Funded by  
the European Union**

Máté Verdes  
Hungarian Public Roads

Chair of the Management  
Committee

## Transport Research Arena – Join us in shaping the future of transportation!

- More than 3000 participants from all over Europe, America, and Asia
- About 30 000 m<sup>2</sup> of exhibition & interactive area
- Gala Dinner and other supporting programmes, technical demonstrations
- B2B networking opportunities
- Creating an ARENA for:
  - research, industry, public administration and politics
  - policy makers framing research and transport policy
  - new ideas, technological solutions and new business models
  - new visions of transport and mobility

## TRA 2026 Budapest - Conference slogan

- Make the conference highly attractive for young researchers and invite them to showcase their researches in front of the most important European transport and mobility stakeholders.
- Adapt European research results in the field of digitalization, automation, optimization
- „Regenerate” the transport and mobility systems in order to achieve EU goals related to social, environmental and economic sustainability, with special regard to climate change, resilience, safety and security.

**TRA**  
**BUDAPEST**
